Feed My People has 6 large refrigerated vehicles that are on the road every day distributing food to more 125 food assistance programs in west central Wisconsin. They are committed to getting plenty of fresh fruits, vegetables and protein, such as chicken, to every community. To do that, they use donations to pay for these products and then make them available to food pantries and other hunger relief programs for no or very little cost. Your donations will allow them to get even more fruits, vegetables and chicken to the regional area you choose. Or, choose **“ALL OF THE COUNTIES BELOW”** and your dollars will be doubled!
