Compatibility

Realist Desktop Compatibility

Realist is compatible with the latest browser versions supported by mainstream operating systems. Operating systems (OS) and browsers such as Windows XP, Windows Vista and Internet Explorer 8 and 9 (IE8, IE9) are no longer in mainstream support. Additionally, CoreLogic is no longer supporting Internet Explorer 11 (IE11) browser. All users who are using a previous version of these browsers will be presented with a warning at login to encourage upgrading. Issues related to supported browsers that can't be resolved by upgrading to the latest newer version will be reviewed and resolved on a priority and best-effort basis. CoreLogic will support upgrades to browsers as soon as reasonably practical after the date when the new version of the browser is available for shipment in new retail computers.

Desktop users who choose to use any previous version of Internet Explorer (IE) on Windows 7 and Windows 8 can upgrade to the Microsoft Edge browser. Windows 10 users who previously used IE11 can upgrade to the Edge Browser. Firefox and Chrome automatically update to their most recent versions regardless of underlying operating system. Realist Desktop supports the following browsers:

- Microsoft Edge
- And the most recent versions of:
 - Safari Desktop
 - Chrome
 - Firefox
 - Chrome Mobile
 - Safari Mobile

Realist Mobile Compatibility

iPad and Android Tablet users should ensure that they are up to date with the most recent version of their browser they can install. Realist Mobile supports the following browsers:

- IOS Safari
- IOS Chrome
- Android Browser
- Android Chrome

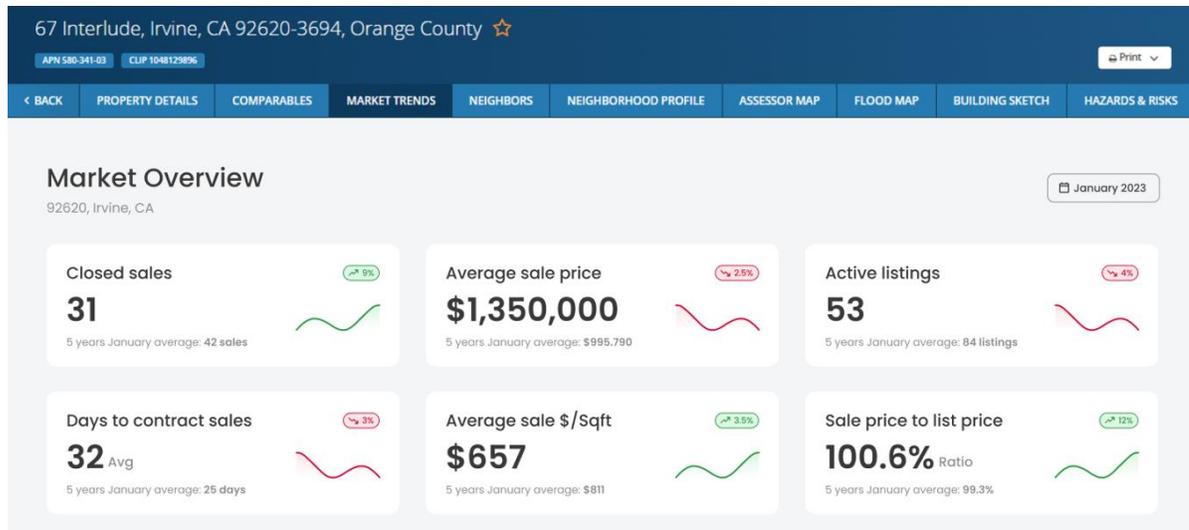

Bugs reported against other mobile platforms will be fixed on a best-effort basis.

Enhancements

Iteration 59 Enhancements

The following are Iteration 59 Enhancements.

MarketTrends – UI Redesign: A redesigned MarketTrends report is launching to replace the existing version of the MarketTrends report found in Realist. The new report offers more insightful market analysis, empowering agents with valuable data to make informed decisions.

1. Here's what agents can look forward to in the redesigned MarketTrends report:
 - a. UI Redesign and Enhanced Visualization:
 - i. Benefit: The new user interface will offer a more intuitive and visually appealing experience, making it easier for agents to navigate and access essential market data.
 - b. Trending Analysis
 - i. Benefit: The redesigned report will showcase month-over-month percentage increases or decreases for critical metrics, including total closed sales, average sale price, and active listings, and so on. This trending analysis enables agents to identify emerging patterns and understand market dynamics better. In addition, a 5 year monthly average is shown for each of the data point, so that agents can quickly understand the trends for each figure.
 - c. Comprehensive Data
 - i. Benefit: The MarketTrends report will incorporate both Tax and MLS data, providing agents with a holistic view of the real estate market. This comprehensive data integration ensures agents have a more accurate representation of market trends.
 - d. Insightful Market Analysis
 - i. Benefit: With the latest market insights integrated directly into the report, agents can quickly grasp the pulse of the market. Our analysis will highlight key trends and market shifts, equipping agents with valuable information to guide agents' strategies.

e. Mobile friendly

- i. Benefit: The new market trends report offers a mobile-optimized design so that agents have access to this powerful report whenever or wherever they need it

The new user interface will streamline agents' workflow and improve efficiency. Trending analysis will help agents stay ahead of market fluctuations and identify lucrative opportunities. Access to both Tax and MLS data will provide agents with a more comprehensive understanding of the real estate landscape.
