

**June 1<sup>st</sup>, 2021**

**SentriCard Reminder**

As a reminder, the **SentriCards can be used until December 31<sup>st</sup> 2021**, but beginning on January 1<sup>st</sup> 2022, the SentriCards can no longer be used to **open lockboxes**. The SentriCards will *still be able to be used to release shackles, assign lockboxes, and take ownership of lockboxes.*

Additionally, the SentriKey Real Estate App can be used for accessing lockboxes, assigning lockboxes to listings, releasing shackles, administering access codes, and more. If you need tutorials or assistance with using the app, I encourage you to check out the [SentriLock YouTube Channel](#).

I have also attached a [PDF](#) of information on using the SentriKey Real Estate App when accessing lockboxes in no/low cell coverage areas.
